“ This is going to be a rambling story but, I grew up 2 doors down from Jean and she and my Mother (Orpha) were the best of friends. Lee and Jean were married while I was just out of grade school and my Mom worked for Jean at the nursing home. After it was sold my Mom went to work for Roland and Rhoda, cleaning their house. When I was ready to get married the first time, Roland officiated, for a wedding gift Rhoda gave me several china cups & saucers, I believe had come from her Mother or her private collection. Finally, the gist of this message... I want Susan to know that I have these, that I believe she should have, instead of me. I live in Gresham, I'm 67 now and I'm starting to clean out, getting ready to downsize. Lee and Jean set my husband and I up on a blind date - my husband worked at Shell for nearly 30 years, next year we will celebrate our 30th wedding anniversary! Please contact me at momvanbeek@aol.com FB- Penelope VanBeek - I would love to pass them on to Susan, David or Andy. They should stay in the Hood family. I'm going to miss Lee, I always looked forward to seeing him twice a year at the Shell Retirees Dinner. He was the last person in my life who knew my Mother well. She died in 1984. Thanks
