I will always cherish you as one of my dearest childhood friends. Even though we lost touch, I truly have and will always remember you as one of my favorite people in life. “ I am going to miss you. I didn't get to see you as often as I would have liked, but have so many memories from our early childhood that I will never forget...like you and your brother sneaking popsicles and hiding from me under the boat in the back yard. Thinking of you and your beautiful little girl today and always...Love Reevey
