“ Even when life was tough, Rhonda always had a smile and a kind word. I think she liked my old dog Riley better than me, she always greeted him first (There's the Beach Dog!) when we passed her on our daily walks to the beach. My heart hurts for the loss of her light in this world, but I am comforted in knowing she has gone to a better place. I would like to attend a memorial service for her if there is going to be one. Please let me know the time and date. Thank you. Sharon Padilla
