“ You must not have remembered you were not supposed to go before me. We would go for months and months with not talking but I always knew if I needed to ask for anything you would be there to give it. Now who do I talk to about growing up, who do I ask "Do you remember?" But the positive in you going now is you went before it got worse, and you went peacefully with your wife by your side. And, you better tell mom and daddy, and my son, hello for your sister.
