“ *Steven was my neighbor, my friend, and so much more!!! His quick wit, knowledge of just about about everything, and the ability to take as well as give smiles, hugs, as well as belly laughs were some of his greatest attributes! He cared for those around him and always gave more to everyone than he could have ever received back in return. His life may have been cut short of what he deserved but he enriched all of us who where blessed enough to have him in our lives! You will forever live in our hearts and know that you will pave the way for your friends and family to join you in peace and harmony in eternity!*

“ *Lorilynn and Josiah, There are so many times in my life that I could not have endured without Stevie and to think we have to go on without him is painful beyond words. He truly was everything a man could hope to be, successful in everything he tried, but not hypocritical enough to be part of the world. He brought happiness into my life at times when I didn't think I could go on. And now we must do just that. I pray to remember all that he taught me about happiness and the great strength that he gave to us until we are together again, as I know we will be. Im suffering along with you and I will treasure always the wonderful times we spent together. I hope we can get together again and share our remembrances.*

“ To Steven, one of the last true gentleman I know. You and LoriLynn's relationship is such a wonderful inspiration of love. I will carry your memories forever in my heart. You are a strong yet gentle man. I couldn't help but run up to you and get a big bear hug every time I saw you. It was from this hug you shared your strength and gentle love. You will be deeply missed. Thank you for sharing your journey with me. Live to you and your beautiful wife.
